## **Caught In the Crossfire**

According to WYFF Channel 4, a new technology may soon be available to let you know when a high speed chase is happening near you. It's called Pursuit Alert.

***When a chase begins, a law enforcement official has to flip a switch that's on a device in their cruiser. Then, a free app you download on your Smartphone will alert you if a chase is happening within 3 miles of where you are.***

***Former Pickens County Assistant Sheriff Tim Morgan and his wife Trish worked with the Pickens Innovation Center to help create the technology following the death of an Upstate man.***

***Brent Winchester, 38, was killed in September 2008. He was on his way to work when a car, being chased by deputies, lost control on Highway 183 in Pickens County and spun into oncoming traffic. The driver of the car deputies were chasing was also killed.***

***"I think over my 37 year career, that event bothered me more than anything I've had to deal with," Morgan said.***

***"I feel like he died for no reason whatsoever, and so far there's not been any good that I can determine that's come from it. Maybe this will be it," said Brent Winchester's father, David.***

Wouldn't it be great if God warned us when trouble was coming our way, so we could be sure to avoid it? He has. In fact, it's one of the central themes of the New Testament. God's judgment is coming, so the question is this, are you prepared for His return?

### ***Romans 6:23***

***<sup>23</sup> For the wages of sin is death, but the gift of God is eternal life in Christ Jesus our Lord.***

I love you all,

Tim
