## Statistical Proof That People Long To Change

It's the season for New Year's resolutions. As we begin 2020, a quick Google search of the term turned up about 204,000,000 results. There are more than 204 million articles, blogs, posts, sites, etc. dedicated to the subject. Now I'm no statistician, but I would say these amounts show statistical proof that people long to change.

However, change—real change—doesn't happen through wishful thinking, determination, or even strategies and formulas. Eat less, exercise more, drink less, sleep more. All the "doing" in the world won't bring about the change you long for. Real change comes not through formulas, but through faith—"being" regenerated and transformed by the power of the Holy Spirit.

### **Titus 3:5**

***But when the kindness of God our Savior and His love for mankind appeared, He saved us, not on the basis of deeds which we have done in righteousness, but according to His mercy, by the washing of regeneration and renewing by the Holy Spirit, whom He poured out upon us richly through Jesus Christ our Savior...***

I love you all,

Tim
