We Are Fireflies

I remember the first time I ever saw a firefly. I was 7 or 8 years old and one evening, while we were camping, these little bugs started rising up from the grass and flickering like a light, off and on. It was amazing as I stood there amidst the glow of hundreds of these little fireflies.

At every state of life, a firefly can produce light. Even when they are eggs, the egg is able to chemically produce the same light that the adults produce. Fireflies are the most efficient light producers. An incandescent light bulb emits 90% of its energy in heat and only 10% in light, but a firefly is super-efficient, emitting 100% of its energy as light.

As Christians, we are the fireflies of the human population.

Ephesians 5:8

⁸ For you were once darkness, but now you are light in the Lord. Live as children of light.

Like the firefly, at every stage of our Christian life, from our first day until our last day, we are light. We illumine the world with Christ that is in us, making His name known. So the next time you wonder if you have a purpose in life, remember your purpose, then go out and illumine the world as you walk with Jesus.

I love you all,

Tim

WELCOME TO CENTRAL CHURCH OF CHRIST!!!

If you are visiting us today, we are honored you have chosen us. We hope that today's time together will help deepen your relationship with God and widen your circle of friends. We are a church family who seek to follow Jesus and be true to the Bible.

Please stay around after our assembly so that we might get to know you better. Thank you again for worshipping with us today.
