Why Cheaters Think It's Ok To Cheat

One of the latest national news stories involves a college admissions scam that includes several high-profile people, including at least two Hollywood actresses. A California man, Rick Singer, spearheaded a scheme to bribe coaches and administrators at such colleges as Yale, Stanford, Georgetown, USC, and other prestigious universities.

The bribes bought these privileged high school students extra time to take the SAT and ACT, make fake athletic profiles, and pay substitutes to take their entrance exams for them. This has proven embarrassing for both the colleges and those breaching this most basic of ethical codes.

Our challenge is to live lives of consistency, showing the benefits that come from respecting and adhering to God's standards. Jesus calls such modeling "salt" and "light" in Matthew 5. We cannot keep others from being cheaters and liars, but we can show them a powerful alternative.

I love you all,

Tim
