THE BIBLE SAYS...

GOD SAID..."Let us make man in our image, in our likeness, and let them have dominion over the fish of the sea and the birds of the air, over the livestock, over all the earth, and over all the creatures that move along the ground" (Genesis 1:26). The word *dominion* means "rule or power over." David reinforces this truth in Psalm 8:6: "You made humankind rulers over the works of your hands; you put everything under their feet." Humanity was commanded to subdue the earth and hold a position of command over all its flora and fauna.

With the authority to rule comes the responsibility to rule well. Therefore, we are to be the stewards of the earth; to bring the material world and all its varied elements into the good of humankind and the service of God. The command to subdue the earth is part of God's blessing on humankind. Created in the image of God, Adam and Eve were to use the earth's vast resources in the service of both God and for themselves. When God gave humanity dominion over the animals, it was in order to care for, tend to, and use those animals to their fullest potential in a just manner.

Having dominion over the animals should entail a humane management of them as the resource God has ordained them to be. We should consider that humankind was given the task and the blessing of representing God in this world. We are the caretakers. We, in the image of God, bear a responsibility to function as God would. God does not misuse or abuse His creation. God is always wise in His management of resources. God is never cruel, selfish, or wasteful. We must rule in a like manner, fulfilling one of the very things we were created to do.
