THE BIBLE SAYS

Solomon said, "Children are a gift from the LORD; they are a reward from Him." (Psalm 127:3). Being a mother is a very important role that the Lord chooses to give to many women. A Christian mother is told to love her children (Titus 2:4-5), in part so that she does not bring reproach on the Lord and on the Savior whose name she bears. In verse 4, the original Greek word *philoteknos* appears only this one time in the Bible describing the special love a mother has for her children. The idea that flows out of this word is that of caring for our children, nurturing them, affectionately embracing them, meeting their needs, and tenderly befriending each one as a unique gift from the hand of God.

God's Word offers these directives and encouragements to mothers:

- Availability – awareness, guidance, physical care, and protection morning, noon, and night.
- Involvement – interacting, discussing, thinking, and processing life together.
- Teaching – the Scriptures, a biblical foundation, the gospel story of Jesus and an eternal view of life.
- Training – helping a child to develop skills and discover his/her strengths, values, and spiritual gifts.
- Discipline – teaching a respect for the Lord, drawing a clear Christian line consistently, lovingly, firmly.
- Nurturing – providing an environment of constant verbal support, freedom to fail, acceptance, affection, and unconditional love.
- Modeling Integrity – living what you say, being a model from which a child can learn by, understanding the essence of godly living.

The Bible never states that every woman should be a mother. However, it does say that those whom the Lord blesses to be mothers should take the responsibility seriously. Mothers have a unique and crucial role in the lives of their children. Motherhood is not a chore or unpleasant task. Just as a mother bears a child during pregnancy, and just as a mother feeds and cares for a child during infancy, so mothers also play an ongoing role in the lives of their children, whether they are adolescents, teenagers, young adults, or even adults with children of their own. While the role of motherhood must change and develop, the love, care, nurture, and encouragement a mother gives should never cease.
